

Proposed Photo-z Roadmap for DM

Phase 1

Post call for community input regarding photo-z **minimum attributes and evaluation criteria**.

Update **attributes and criteria** in DMTN-049.

Phase 2

Post call for community **“letters of recommendation”** that formally advocate for photo-z estimators.

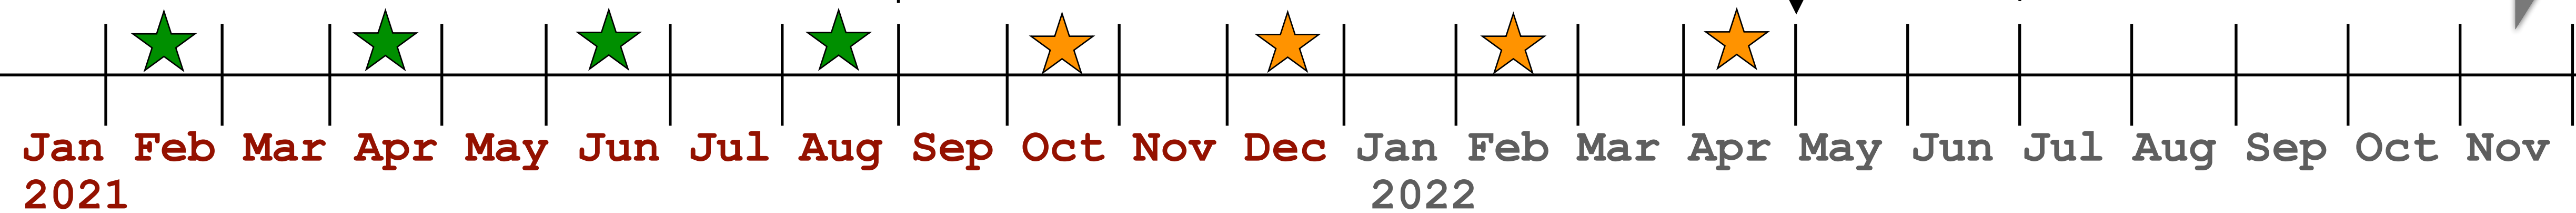

Update DMTN-049 with shortlist of **community-vetted** estimator(s) for Phase 3.

Deadline for **letters**.

Phase 3

Facilitate community participation in a **“Photo-z Validation Cooperative”**.

LSST Commissioning

“LSST Photo-z Forums” for virtual discussion (project & community)

- ★ Defining the minimum attributes and the evaluation criteria.
- ★ Sharing progress on photo-z science white papers.
